

Dear Members of the Senate,

I am urging you to adopt SB22-to cut the state sales tax.

Due to the number of families financially struggling in this state because of the Covid-19 pandemic, and the subsequent shutdown of the state through executive order by Governor Ned Lamont and the Democrat majority, we need for the state sales tax to be cut and the meals tax on prepared food to be eliminated. We need to give the families of CT some much-needed breathing room. With the historic hyper-inflation already upon us, we need to begin looking at any avenues that give relief to those struggling in this state.

I am urging our lawmakers to provide immediate tax relief to all Connecticut families.

Therefore, I FULLY support the passing of SB22.

I appreciate you all making the right decision and passing SB22 for the struggling families of Connecticut.

Thank you.

Sincerely,
Susan Pedrick
